THE BUSINESS OF PAIN CONFERENCE
OCTOBER 20-23, 2022

The Business of Pain Conference offers a dynamic exhibit hall for entities interested in networking with interventional pain management community. This annual symposium brings together clinicians and industry partners from across the nation, who are involved in the business of pain medicine. The symposium covers timely and relevant issues and challenges in the pain medicine business arena that are of importance to this audience.

Symposium attendees will include members of the interventional pain management community, which includes clinical providers (physicians, mid-level practitioners, fellows and nurses), administrators (CEO's, Operations management, practice managers, and billing personnel) as well as industry partners. Attendance has grown each year and we anticipate about 300-325 attendees this year.

Our attendees represent a range of professional levels, and are seen as influential partners and decision-makers in their practices.

Join over 30 organizations that will be a part of multiple dedicated exhibit hall breaks and other exhibit hall planned events for attendees.
